RULE.27 DISCIPLINE

- 27-1 The breaking of rules or the employment of any actions not covered by the wording of these rules, in a manner contrary to the spirit of the game will not be tolerated.
- 27-2 If a player breaks any of these rules either between the scoring of a goal and the re-start of play or between the awarding and taking of a penalty, the Umpire shall penalise the infringement immediately unless by doing so this would place the non-offending team at a disadvantage.

- 27-3 As well as the Professional Foul rule, the Umpire has the ability to award a forward gain in court position, and/or a penalty pass or shot to any non-offending team when any player/s deliberately persist in non-sportsman like behaviour.
- 27-4 In addition to all other penalties laid out in these rules, the Umpire may also;
- a) Order a player to leave the court but only when they are sure that any other penalty is insufficient and except in extreme cases, only after a warning has been given.
 - b) Stand a player off the court for a part of the game as specified by the Umpire at the time of sending off. The period of time is at the Umpires discretion and is determined by the degree of offence being penalised.
- 27-5 When a player is ordered off the court for any length of time, that player cannot be replaced by a substitute player and playing positions cannot be changed until the end of that period of play.

RULE.28 DRAWN ELIMINATION MATCHES

- 28-1 When a quarter final, semi-final or final is drawn, extra time shall be played. Substitutions CAN be made prior to the commencement of extra time. After a one minute break the teams shall change ends and the centre toss will be taken and play continues. Two five minute halves shall be played with no break at half time BUT teams will change ends. No substitutions can be made during extra time however the injury rule will apply. If the teams are still deadlocked at the end of extra time, a penalty shoot-out will take place.
- 28-2 For the purposes of a penalty shoot-out, each team will use the six players who are on the court at the end of the extra time period. Teams will toss a coin to decide shooting order and goal end. They will then shoot in turn from outside the goal circle. Each player may shoot from whatever angle they choose, but the replay and held ball rules apply. The team scoring the most goals after all players have shot will be the winner. If the scores are still drawn at this stage, a sudden death shoot-out will be staged.
- 28-3 For sudden death shoot-out, each team once again uses the same six players on court during the extra time period but can shoot in any order they decide. The umpire will use a coin toss to decide who takes the first shot. The two teams then shoot one for one against each other outside the circle and the first to score will be determined the winner (allowing both teams the equal amounts of attempts at goal). In the instance where either a penalty shoot-out or sudden death shoot-out are required, both teams will shoot for goal at the same end of court.
